Fraternal Greetings From The East,

As the newly elected Worshipful Master for the ensuing year for Carpenter Emmanuel Lodge #588 I want to emphasize the importance of unity and collective effort in this communication. Our theme for the year, will focus on Togetherness: the pleasant feeling of being united with other people in friendship and understanding ,Labor: to work hard; make great effort., and cooperation: the process of working together to the same end also assistance, especially by ready compliance with requests., the definitions of each term highlights it's significance in achieving the lodge's goals. I want to stress that every voice matters and every opinion counts, and that the lodge's strength lies in its unity and diligence.

Imagine a classroom full of children at the end of a school day, and as the day comes to a close. The teacher is faced with the challenge of putting everything back into its respective place and preparing for the following day. Just as the teacher can either struggle to clean up the toys alone or they enlist the help of the children to get the job done efficiently and in a timely manner, individuals in the lodge can either try to tackle challenges alone or work together as a lodge or beehive to achieve more. I want to accentuate that when everyone does their small part, the lodge can achieve great things and become a driving force for greatness.

I encourage every member of Carpenter Emanuel Lodge to ask themselves important questions when faced with challenges, such as whether they have the skills needed to accomplish the task on their own and how long will it take. There is value in seeking out help and support from others, noting that while individuals can do a little on their own, they can achieve much more with the help of others. By working together and supporting one another, the lodge can pursue and attain greatness.

Fraternally,

W. . Charles Williams
